## Change of School Notice

Dear Parents/Carers

In order to ensure our staffing plans for 2023 are accurate we need to know if you intend on enrolling your child in another school next year.

The enrolment intake area for our school will be changing for prospective families enrolling their child/children from 2023. This is as a result of a new school being delivered in Mulgoa Rise to support an increase in enrolment demand in our local community. Adjustments to some school intake areas are necessary to ensure the best placement of our students and families to continue to provide quality public education. All prospective parents are encouraged to look at the School Finder website to find out if their local school is affected by the change.

There will be minimal to no change for students currently enrolled. Families that already have children in our school can continue to enrol younger siblings. Students who wish to transition to a neighbouring school will be able to apply for enrolment but will be considered on a case-by-case basis in line with the Department's Enrolment Policy. If you are intending on moving your child/ren from our school to the new school or any other school next year could you please complete the form below and return it to the school office.

Natalie Mansour  
Principal
